

ANIRUDDHA JANA

Datascience Enthusiast &
Upcoming Software Developer

Kolkata, West Bengal, India

PROFILE

I am a student studying ECE at VIT, Vellore. I have interest in learning more about Computer Vision, Machine Learning, IoT and software development & I want to enhance my knowledge in these fields through experience.

Python and C++ languages are the programming languages that I use most for making projects. Till now, I have participated in 6 hackathons, out of them I have won two.

Additionally, I am a quick learner, adaptable, and enjoy working collaboratively to achieve shared goals.
